

# Cookies Policy

## Cookies use

Please read my Cookies Policy.

I am Timothy Holt. My Website ("Website") uses cookies, which are small text files that are placed on your computer or device by a web server when you access my Website. Cookies may also be placed and accessed by third parties, which are known as "third party cookies" and are described below.

I use cookies to monitor aggregate usage and web traffic of my Website, customise and improve my Website and help you navigate my Website.

## Types of cookies

I use the following type of cookies:

Performance cookies:

These are cookies which collect information about how and when you and other visitors interact with my Website (e.g. pages viewed most often) and the information collected by these cookies is used to improve how my Website work.

The types of cookies described above may be "session cookies". Session cookies are only stored on your device whilst you are using the Website and are deleted when you close your browser.

## Third party cookies

My Website uses Google Analytics, a web analytics service provided by Google, Inc. ("Google"). Google Analytics uses non-operational cookies, which are text files placed on your computer to help the Website analyse how visitors use the Website. The information generated by the cookie about your use of the Website (including your IP address) will be transmitted to and stored by Google on servers in the United States. At my request, Google will use this information for the purpose of evaluating how the Website is used, compiling reports on Website activity for Website operators and providing other services relating to Website activity and internet usage. Google may also transfer this information to third parties where required to do so by law, or where such third parties process the information on Google's behalf.

Similarly, I use the StatCounter web traffic analysis tool. StatCounter is an analytics tool that allows me to measure the effectiveness of my Website by understanding

the pages you visit on my Website. I use it to see the number of pages you visit and make sure my Website is shown to the right people and is effective. When you visit pages on my Website, this triggers a counter to count the amount of times you visit particular pages which reports this action to StatCounter.

By using my Website, you consent to the processing of data about you by Google and StatCounter in the manner and for the purposes set out above.

### **Cookies settings**

Although most browsers automatically accept cookies, you can change your browser options to stop automatically accepting cookies or to prompt you before accepting cookies.

If you continue to use the Website, you consent to my use of cookies as described in this Cookies Policy.
